First-class Seats to Impeccable Views

The only way to truly appreciate the beauty from the inside-out of the 7-seater Ford Everest, is to be in one. Embark on a luxurious journey every time you step into its extravagant interior with intricate leather detailing, intelligent features and first-class comfort. Even if you wish to get out from your comfort zone, an array of driving technologies is at your disposal. It's everything more than just good looks.

Peak Performance

Ford Everest's advanced 2.0L Bi-Turbo diesel engine delivers 213PS of power and 500Nm of peak torque, all without compromising fuel efficiency.

Rise Up to Power

Our new generation 2.0L Bi-Turbo diesel engine, mated with 10-speed automatic transmission, delivers the effortless power you need to conquer any terrain. Planning on pushing your Everest to the limit? The new 2.0L Bi-Turbo engine intelligently manages two turbo-chargers for enhanced torque, responsiveness and power.

Get Up to Speed

First-in-class, Ford's latest 10-speed automatic transmission technology not only improves fuel efficiency, but also offers better acceleration and more accurate, quicker gear changes too.

Gripping Adventures

Everest's Torque-on-Demand feature automatically transfers torque to the wheels, maximising traction and helping you out of difficult situations. It will even send all the torque to a single wheel if the system detects the other three wheels have no traction at all.

Sand

Rock

Mud, Grass or Snow

Brave the Elements

Everest 4WD helps you tackle any surface, on or off-road, at the turn of a dial. Its Terrain Management System lets you Shift-On-The-Fly to maximise traction and stability. Stay in control whether you're on snow, mud, grass, sand, rock or road.

Design

Luxurious Adventures Await

Extraordinary details like leather-upholstered seats and a panoramic moon roof make Everest the ultimate pleasure on any adventure.

Crafted to Perfection

Seven leather-upholstered seats. Upgraded detailing and stitching. A bold crafted gear knob. All new materials and design detailing inside mean Everest delivers comfort and space for everyone.

A Sky Full of Stars

Open up your world and experience life under the stars with a panoramic moon roof that comprises nearly 50% of the roof space.

Make Space for Adventure

Just press a button and Everest's PowerFold® 3rd row seats fold flat, giving you plenty of extra space if you need it.

Free Your Hands

Simply trigger Everest's under-bumper sensor with your leg and the Hands-free Power Liftgate will open and close automatically. Useful for when you've got your hands full.

Tech that Takes You Places

Keep Your Keys in Your Pocket

With keyless entry, you can set off on your journey without ever taking the key out of your pocket. Everest knows when your key fob is nearby. Just open the door to unlock the vehicle and press the push-start button.

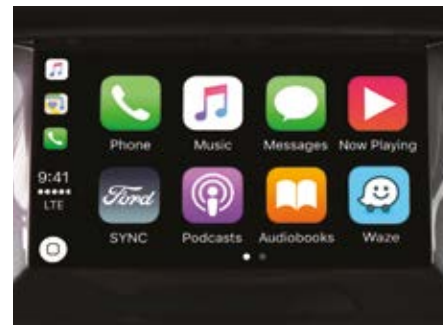

Make quick hands-free calls. Keep control in changing traffic conditions. Whatever it is you need to do, Everest's intuitive technology is ready to assist you.

In Sync with Your Needs

Stay connected with SYNC®3 wherever your adventure is. Seamlessly connect your phone to the 8-inch touchscreen via programmes like AppLink™, Apple CarPlay or Android Auto. More intuitive, more responsive and with more capabilities than ever before.

- Hands-free phone call
- Hands-free music system
- Hands-free climate control

A Different Point of View

Easily view what features Everest is using at any time right on your dashboard's multi-intelligent instrument cluster.

Safety

Safe Thrills Begin Here

With the Everest's comprehensive safety features, you can take on more adventurous routes with complete peace of mind. Explore more, worry less.

Conquer Slippery Slopes

For off-roaders who need traction and grip, even in slippery or rugged terrains, Everest's Electronic Locking Rear Differential is designed to provide full engine torque to both rear wheels, even if one is off the ground.

Seven Airbags

The airbags in Everest provide a network of protection with front seat driver airbags, passenger airbags and seat-mounted side airbags. Side curtain airbags protect everyone in the front and back. There are even airbags for the driver's knee.

Discover Your Blind Spots

Everest's Blind Spot Information System (BLIS®) helps monitor the traffic in your blind spot. When changing lanes, indicator lights in your side mirrors let you know if there's a vehicle in your blind spot.

Cross Traffic Alert

Cross Traffic Alert lets you know if traffic is coming from either direction when reversing out of a parking spot or driveway.
